

## It's Here!

### New SDSU Alumni App

It's here - a mobile connection that puts all things SDSU Alumni at your fingertips! It's easy, it's convenient, and for Aztec alumni it's essential.

With the new SDSU Alumni App, you're the first to receive notification of events, invitations, special offers, discounts, alumni benefits, and more - including news of interest to alumni. For instance, when president Roush announces a decision about the Aztec moniker and Aztec Warrior, you will receive a notification and be among the first to know.

You also gain immediate access to SDSU Alumni social media channels, networking opportunities and alumni regional group activities.

With this app, there's no need for SDSU Alumni lifetime members to carry a member card. This app has the digital version!

All SDSU alumni, lifetime members, and university donors may download the app and log in. The first 150 people to download the app and log in receive a special SDSU merchandise offer.
